- As a newly elected County Board member I am proud to be part of the “Complete Count Census” committee. It is very important that we count EVERYBODY in our community and this committee is ahead of the curve regarding the census.
- I have asked the county to look into the amount of money we spend cutting grass. (300K last year!) I believe we are wasting resources, polluting our air and shortchanging pollinators. Currently our Storm Water management is looking at sustainable substitutions for turf.
- I am continuing to work on my campaign issue of building a tiny house village. I am looking to work with the Sheriff in a bi-partisan effort to offer housing for low level offenders, released after work training, to be able to continue on their road to becoming contributing members of our community.
